A space to discuss classes, ideas, and archives, and generally support each other through our continued virtual life

 - After going through meeting agenda, stick around if you can to watch a recorded SAA Webcast (1 hour)
 - Description: "Join WITNESS (a global organization that helps people use video and technology to protect and defend human rights) as representatives share insights on ongoing projects, the work of equipping activists with archival knowledge and skills, and how archivists can join efforts to preserve this relatively new, but undoubtedly common form of human rights records."
